

CHRISTINE TAXIN

Christine Taxin has over 20 years as a practice management professional. Her passion for communication, team training, vision and goal setting has helped many practices meet their potential, and increase their profitability. She helps each team member develop latent strengths to improve performance and effectiveness.

Ms. Taxin's varied strengths include specialties in administrative systems, internal and external marketing, financial planning, and medical and dental insurance cross code billing, in addition to consulting with neuromuscular sleep-apnea professionals.

Christine collaborates with many of the country's top consultants and lecturers. This powerful networking keeps her well-informed and at the forefront of dentistry, allowing her to work with the best in the industry and pass the learning along to her clients. She has delivered a number of workshops within the industry and loves working with groups ready to take on the next challenge.

Prior to starting her own management consulting company, Christine worked for a large New York City hospital as administrator of a critical department, managed an extensive practice, and worked with Coaching Solutions, and Dynamic Administrators consulting companies. She has taken training in management at LVI, and Coach Training Alliance and is a proud member of, Speakers Consulting Network, Career Flow, American Association of Dental Office Managers & The Academy of Dental Management Consultants.
